Interesting facts from the 2010 Championships.

The arbiters checked:

- 13,000 Abstract images
- 125,000 Binary numbers,
- 90,000 numbers that you remembered in the hour,
- 25,000 Speed numbers
- 3,500 Historical and future dates
- 60,000 individual playing cards
- 9,000 random words
- 6,000 spoken numbers
- 11,000 speed cards
- And matched 6,000 names with the face

That is over 450,000 items - and those are just the ones the competitors got right!

But to be sure, we checked and double checked so in all we reviewed over 1,000,000 individual pieces of data.
